The YUCATAN PENINSULA

*W*elcome to the fascinating Peninsula of Yucatan, where the ancient maya civilization, spanish colonial heritage, modern life and natural beauty of the surrounding area, merge in harmony.

Gay travelers are becoming more aware of this “hidden” colonial gem since it offers what we usually look for in good vacation destination: excellent gastronomy, beautiful but affordable restaurants, a whole world of different styles of traditional architecture to admire, but also a modern and progressive city that at the same time takes care of its Spanish

and Mayan heritage. The perfect combination for a great vacation. From natural caves with crystalline water (sinkholes/cenotes), turquoise water beaches, Maya hidden temples, colonial Mexican magic towns to Haciendas (last century country mansions). So much to see in this adventure, but our super hosts are in the know –they’ll have you heading straight for the hottest spots.

Yucatan Peninsula

OUR TOURS

We believe in tourism as a force for good, capable of changing people's life. Every time we travel, for whatever reason, we are all a part of a global force; a force that has the power to drive inclusive development, create jobs, reduce inequalities and increase awareness in the fragility of our ecosystems.

NEW 7TH WONDER & CENOTE

This is a 100% gay-guided tour! Our MGT host and archaeological site expert will guide you through the history of Chichen-Itza, -the sacred city of the Mayas- and you will learn the secrets behind the Kukulcan Pyramid "one of the New Seventh Wonders of the World". Also, you will know why Mayas considered LGBTQI+ people closer to the gods! Then, Ricardo will take you to a fantastic cenote to cool off and you will discover why Xibalba was considered the gate to the underworld by the Mayas.

MAGICAL YELLOW TOWN

A fun day trip to this yellow town. Your super gay host will take you through the most magic and authentic spots. Visit the iconic San Antonio de Pauda Ex-Convent, Mayan Pyramids within the town's main square, and other hot spots. You will fall in love with its places and exquisite Yucatecan cuisine while discovering some curiosities we will tell you about on this site. Get ready with your camera, Izamal offers great photo opportunities for Instagrammers!

WHITE CITY

Learn about the LGBTQI+ history in Mérida exploring the main historical buildings, museums, galleries, and architectural currents from XVI to XX centuries in the historic center of Mérida, which are testimony to its history through 500 years from the foundation of the city. Get ready with your camera as you walk around the white city!

GAY BAR & CANTINAS

Join us for a fun and complete night in the best company, feel relaxed and safe while enjoying the best and newest spots of Merida's Night. We will visit 2 cantinas and finishing the night at the best gay bar in town. See what night life in Merida is about!

MYSTICAL UXMAL

Discover the most beautiful archaeological site in Yucatan "Uxmal", a great example of the lapidary art in the Maya culture, and enjoy a cultural morning with a local expert -Maya descending- guide, who will take you on the most fundamental aspects. Then, learn about the economic system in colonial times "Haciendas" and cool off in two impressive "cenotes" (sinkholes). In the end, relax by the pool and enjoy a delicious Yucatecan lunch & cocktails.

XIBALBA | Cenotes

You can't miss this unique experience; cenotes are the typical portrait of Yucatan! In Mayan mythology, cenotes represented a passage to the underworld or "Xibálba". Our MGT gay host will take you to the most beautiful cenotes in Yucatan located in an area known as the ring of cenotes whose formation is related to the meteorite that crash the earth 65 million years ago! Wrapped up in myths and legends, currently, cenotes stir up a sense of adventure among visitors from all over the world.

SISAL BEACH DAY

After wandering around Merida, you will probably need a secluded refresh. What about visiting the picturesque town on the coast of Yucatan recently named "Pueblo Magico". It is located only 60 min away from Merida. Everyone who visits Sisal falls in love with it! We will tour the small beach town, see the dock, main square, and lighthouse; and then you will enjoy the day by the beach with white sand and turquoise waters at the nicest beach club with delicious food & cocktails!

PROGRESO & RUINS

The perfect route to see as much as you can from Yucatan in one day! Dzibilchaltun's eco-archaeological park brings together a Maya Museum and colonial Spanish ruins. Once there you will admire one of the most beautiful cenotes in the area where crystalline blue waters, freshly bloomed irises, and tiny fish that inhabit the cenote combine for a swimming experience like no other. After walking under the Yucatan heat, finish your day with a delicious seafood lunch in Puerto Progreso.

PINK FLAMINGO | Celestun

We will take you in a private speed boat to go inside the Biosphere Reserve of Celestun, officially declared wildlife refuge since 1979! You will sightsee and learn about the flora and fauna endemic to this ecosystem rich in biodiversity where the main attraction is the Caribbean flamingo considered the pinkest in the world! A beautiful experience in the heart of an exceptional natural landscape. Then, Ricardo will take you to Celestun Beach where you will enjoy a delicious seafood lunch with cocktails.

MAGICAL VALLADOLID

Valladolid is the authentic Yucatecan experience and one of those Mexican towns you always dreamed about: colorful, picturesque, and full of tradition. Valladolid will translate you to a realm of colonial times with its fantastic colonial architecture, surrealist streets and gardens, cenotes in the middle of town, local flavor, and far from the all-inclusive resorts. This is the Mexico you've always wanted to discover!

TULUM RUINS

The most beautiful archaeological site in the Riviera Maya, Tulum, is spectacularly set high on the cliffs facing the Caribbean Sea; it is the only walled city on the coast and was an important commercial port. Then, our MGT host will bike you to the nearest beach for a boat trip to the second-largest coral reef in the world! where we will swim and snorkel. With a bit of luck, you can see everything: corals, fish, turtles, and rays! And finally, you will enjoy a delicious seafood meal at our favorite beach club.

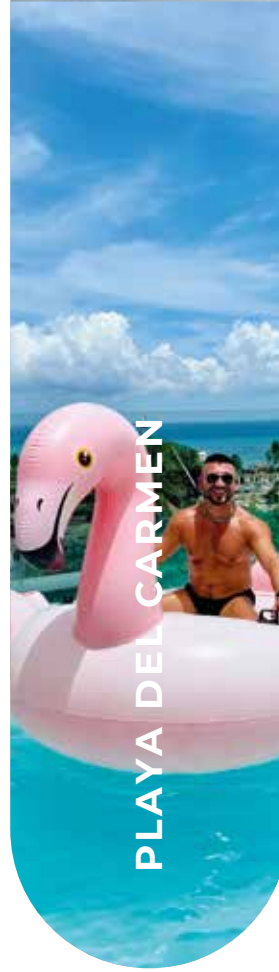

DREAM COZUMEL

One of the most famous scuba diving destinations in the world, Cozumel is ideal for those interested in ecotourism, with its natural reserves featuring flora and fauna, natural aquariums and coral reef. Visit and snorkel at two pristine reef ecosystems in a protected marine sanctuary teeming with exotic life. Enjoy freshly cut tropical fruits and guacamole while being on the famous turquoise sandbar simply known as "El Cielo".

ISLA MUJERES

Boat private tour to this romantic Island to enjoy a sail through the stunning turquoise colors of the Mexican Caribbean. We will navigate from Cancun starting in the south of Isla, on whose cliffs rise a Mayan temple. Then, we will stop to snorkel in the second-largest barrier reef in the world. Also, you will admire underwater sculptures from the stunning sub-aquatic museum. Finally we will spot just in front of Playa Norte, one of the best beaches in the world to enjoy a delicious lunch with cocktails at the hippest beach club in the island!

PLAYA DEL CARMEN

In the heart of Riviera Maya and ranked third, among the top gay destinations in México, Playa Del Carmen has experienced a booming development and has become one of the most dynamic and cosmopolitan tourist centers. All spaces like beach clubs, rooftops, bars, restaurants in PDC are gay-friendly, and you will see the sexiest guys walking through La Quinta Avenida.

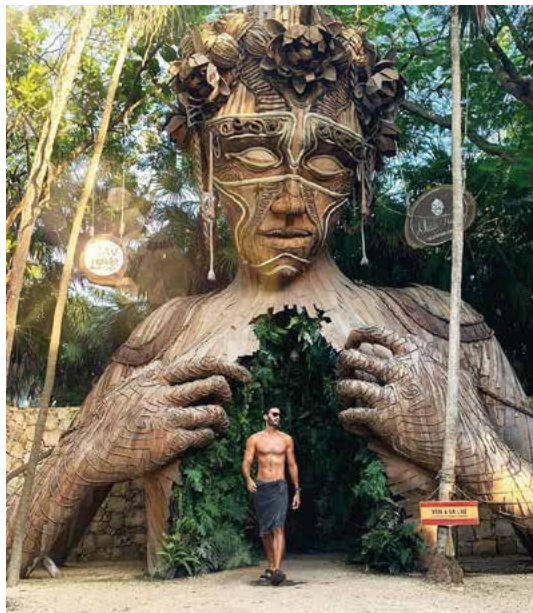

SIAN KAAAN & MUYIL

The Sian Kaan Biosphere Reserve, is a natural sanctuary made up of beaches, lagoons, and mangroves interconnected by creeks. You will discover the Chunyaxche lagoon on whose banks the Muyil archaeological zone stands. After exploring this ancient Maya city, you will be allowed to navigate by boat the long channels flanked by mangroves, put on a life jacket and jump into the refreshing waters and let yourself be carried by the slow current of the channels to explore the Mayan temples.

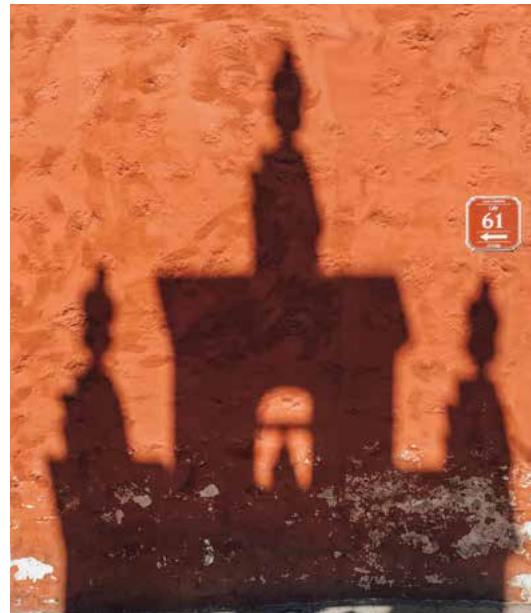

And remember...

Don't forget your speedo!

**MICHAEL M.***Palm Springs, USA*

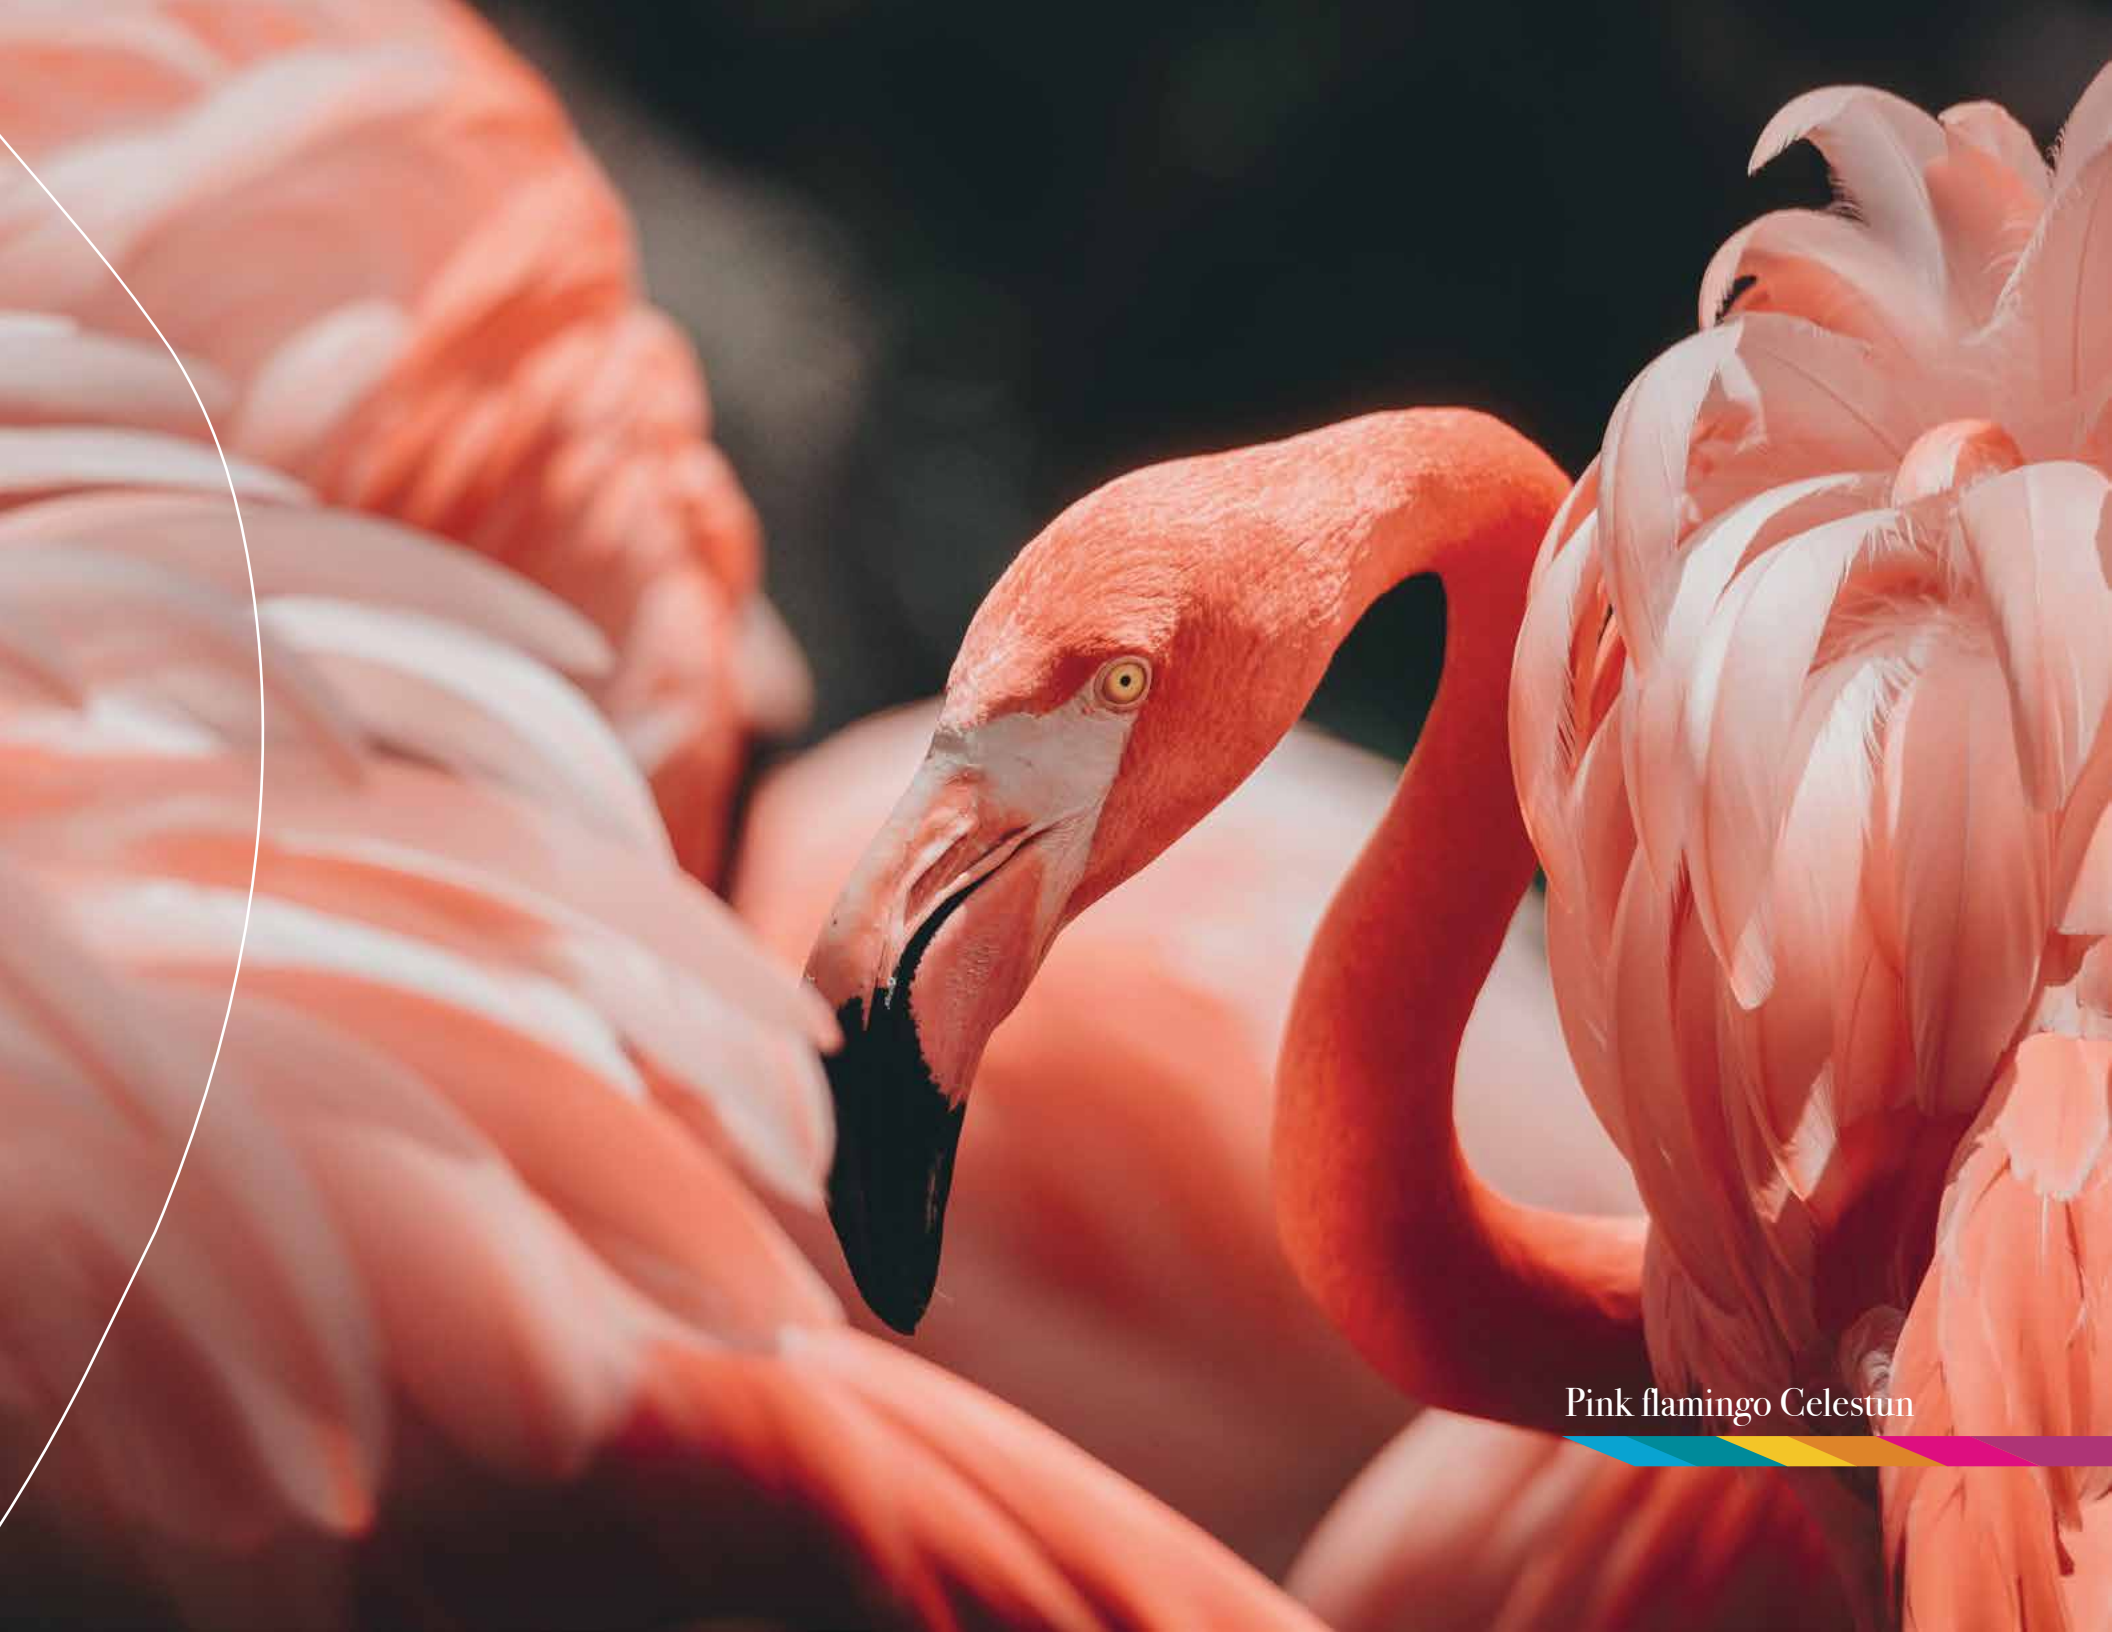

"I had the best 10 day vacation in the Yucatan. They listened carefully to the experiences I wanted to have and tailored each day to my request. Riccardo our guide picked us up daily and took care of every whim. We only had to sit back and enjoy the day. His personality is bubbly, warm, friendly all coupled with knowledge of the history of the Mayans and the Yucatan. Half the day we spent laughing which was delightful. I give them five stars plus plus and will go back again for another ten days! I can it recommend them enough."

**KRIS McNITE***London, UK*

"Absolutely incredible! Ricardo is one of the nicest guys and extremely knowledgeable. He took us off the beaten path to explore so many cool places that we simply would not have discovered on our own. From colonial architecture and Mayan ruins to lush tropical cenotes, gardens and untouched beaches...we went from one oasis to another! It was perfect and I'll never forget it. Thank you so much - keep up the good work."

**Ed Gray***New York, USA*

"Ricardo was amazing throughout - not only was he able to include me on a tour to Chichen Itza and Izamal the very next day, but took great care of me for the next two - a relaxing and fun trip to Sisal and the superb site of Uxmal and the nearby, and magical, cenotes. Would definitely do this again, either in Merida or the other locations and experiences offered - highly recommended I learned a lot and laughed a lot - and isn't that what traveling is all about?? Thank you, Ricardo!!"
